

Be a part of Vision 2016: Information is Everything, one of the largest annual gatherings of information management professionals, for a fresh look at the innovative solutions available to solve today's complex data issues.

- 1 COME TO VEGAS TO HEAR VERITAS VISION!**  
Veritas Vision will provide unique insights into how you can maximize information management key trends impacting your business: hybrid cloud, open source, big data and new regulations such as GDPR.
- 2 HEAR FROM INDUSTRY LEADERS INCLUDING RED HAT®, DOCKER™ AND GARTNER®.**  
Learn from the industry's most forward thinking leaders including
  - Radhesh Balakrishnan, VP OpenStack, Red Hat
  - John Willis, Director of Ecosystem, Docker
  - Doug Laney, VP and Distinguished Analyst, Gartner
- 3 PROTECT YOUR MOST IMPORTANT ASSET IN A CLOUDY WORLD.**  
Learn best practices for ensuring you can make the most of Amazon Web Services™, Microsoft Azure™, Google™ and more without risking cloud lock-in or exposing your data.
- 4 ACCELERATE YOUR OPEN SOURCE STRATEGY.**  
Hear an enterprise-ready approach to OpenStack™ and key considerations to take into account as you proceed with your own cloud journey.
- 5 GET CERTIFIED FOR FREE!**  
Advance your career, joining the growing team of Veritas industry experts, certifying in Information Management.
- 6 GET HANDS ON.**  
Test drive the latest Veritas technologies for copy data management, software defined storage for OpenStack or Docker, Oracle database protection, automated data classification and more in guided lab sessions.
- 7 UNDERSTAND NEW REGULATIONS AND THEIR IMPACT.**  
The General Data Protection Regulation (GDPR) impacts any company doing business in Europe. Gain practical tips to protect your business from stiff fines.
- 8 BE THE FIRST TO PREVIEW NEW PRODUCTS.**  
Be the first to hear and see new advances in copy data management, software defined storage for big data, unified business resiliency, archiving and retention for Microsoft Office 365™ and more! Understand how these innovations benefit you and your organization.
- 9 UNDERSTAND YOUR RISK PROFILE.**  
Most organizations will experience an information crisis in part due to lack of visibility into the data and the users accessing it. Learn practical methods to reduce your risk.
- 10 GROW YOUR NETWORK.**  
Network with industry thought leaders, Veritas experts, executives and more. Stay connected after the conference through the Veritas Open Exchange (VOX) community and social channels.
