

Now is the Time to Update Your Veritas NetBackup Appliances with Incentives from Veritas

VERITAS™

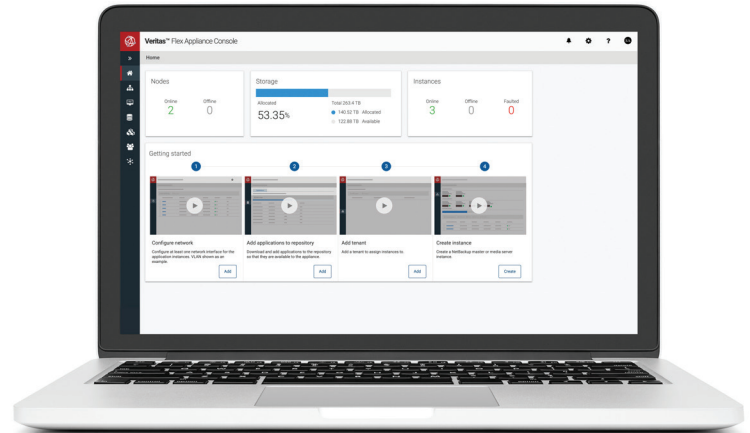

WE'RE ALL IN THIS TOGETHER

Now more than ever, the concerns of financing and cash flow are critical to your data protection plans. To help make your data protection investment decisions easier, Veritas is announcing special pricing offers on NetBackup Appliances. For details, see our Terms & Conditions.

Simplify enterprise data protection with agile, scalable and integrated NetBackup™ Appliances

NetBackup Appliances integrate multiple software and hardware components that streamline management, operations and support, saving you money and critical IT resources while removing complexity across the entire organization.

Veritas is offering two incentives on hardware platforms that run NetBackup software or the new NetBackup Flex 2 operating environment.

1. FREE 480-TB CAPACITY EXPANSION SHELF FOR NETBACKUP AND FLEX 5340 APPLIANCES WITH 480-TB CAPACITY

New! NetBackup Flex 5340 Appliance with immutable, ransomware-resilient storage.

The new NetBackup Flex 2 operating environment is designed to protect you from security threats and help you recover from ransomware without the need for costly, external third-party storage. With a total of 960 TBs of storage, the NetBackup Flex 5340 Appliance plus the 480-TB Capacity Expansion can provide enough capacity to consolidate workloads, reduce data center costs and help protect all your data from threats with SEC and Commodities Futures Trading-compliant immutable storage.

Eligible customers can purchase a NetBackup 5340 or Flex 5340 Appliance with 480 TB and receive an additional 480 TB of storage for free. This offer is available for both the NetBackup 5340 480-TB Appliance and the NetBackup 5340 480-TB Appliance with the new Flex 2 operating environment.

2. PURCHASE THREE FLEX 5150 APPLIANCES OR THREE NETBACKUP 5250 APPLIANCES AND RECEIVE THE FOURTH APPLIANCE FREE.

Protect all your remote office and departmental needs.

The edge of the enterprise network is vulnerable to ransomware attacks. With the Flex 5150 Appliance, an organization can make all its data protection deployments ransomware resilient, including small and midsize workloads in the central data center or in remote and branch offices.

With the capacity and performance generally required to meet departmental service-level agreements (SLAs), the NetBackup 5250 Appliance is an ideal solution for fast-growing organizations that need enterprise-class data protection for moderate workloads.

VERITAS INCENTIVES SUMMARY

Veritas NetBackup Appliance Purchase	Incentives Available Through March 31, 2021	Veritas NetBackup Appliances Features and Use Cases	Common NetBackup Appliance Features
5340 Appliance with the new NetBackup Flex 2.0 software, 480 TB	480-TB Free Storage Shelf	Consolidate workloads in the core data center with ransomware-resilient data protection that ensures recovery of data with regulatory-compliant immutable storage.	<p>Optimized integration: NetBackup software, hardened security, AI/ML-driven predictive analytics, quickly deploy and scale.</p> <p>Hardened security: Intrusion detection and prevention, role-based access control and password policy management, two-factor authentication.</p> <p>Simplified management and proactive support: Save on operational and capital costs with centralized monitoring and management.</p>
NetBackup 5340 Appliance, 480 TB	480-TB Free Storage Shelf	Optimized performance, scalability and resilience for the largest data centers.

TERMS AND CONDITIONS FOR INCENTIVES

Veritas NetBackup Appliance Purchase – Qualifying Orders	<ul style="list-style-type: none"> To qualify, orders must be received by Veritas between November 3, 2020 and March 31, 2021. Customers must have hardware platforms that run NetBackup software or the NetBackup Flex 2 Operating environment to use these incentives. The order must meet the qualifications for each of the applicable incentives below, and each qualifying order must include a minimum 3-year Essential support contract, where available, for all Appliances including the free Appliance and/or Expansion Shelf on the order (can also purchase additional years of support). If Essential support is not available for Appliances or the Expansion Shelf in your area, purchase of Standard support is required. All 4 Appliance units OR Appliance & Expansion Shelf units must be sold to a single end customer, included in a single approved Veritas quote, and be on same purchase order with shipment to a single end customer location.
NetBackup 5340 and NetBackup Flex 5340 480-TB Appliances	<ul style="list-style-type: none"> 480 TB Free Storage Offer applies to purchase of NetBackup and FLEX 5340 or 5340 HA 480-TB Appliances. Upon purchase, customers can opt for a 4-TB drive full Expansion Shelf (240 TB) in lieu of an 8-TB drive (480 TB) Expansion Shelf.
Three (3) NetBackup Flex 5150/ NetBackup 5250 Appliances	<ul style="list-style-type: none"> Offer applies to purchase of three (3) Flex 5150 and NetBackup 5250 36-TB, 75-TB, 140-TB, 206-TB or 271-TB Appliances. All three Appliances purchased must be the same model. Appliance models may include different capacities. If purchasing differing capacities, then the Appliance with the smallest capacity will be the free appliance.
Legal Terms	<ul style="list-style-type: none"> Customers must submit qualifying orders to their Veritas Account Representative or Channel Partner between November 9, 2020 and March 31, 2021. Cannot be used on previous purchases. Any item received under this incentive may not be redeemed or returned for cash, substituted, transferred or exchanged. Consistent with Veritas policy, no returns on Veritas products will be provided, including products under the promotion. Any return permitted by Veritas, in its sole discretion, will reflect an adjusted appliance cost taking into account the cost impact of the promotion. Customers can use these incentives for additional qualifying orders as many times as they choose and may participate in one, both or all incentives during the promotion period. Each qualifying order may not be used or combined with additional promotional offers for that same order. Standard discounts and purchasing terms apply. Other terms and conditions or restrictions may apply to this promotion. Veritas reserves the right to change or cancel these incentives at any time. Please contact your Veritas Account Manager or Veritas Sales with any further questions.

ABOUT VERITAS

Veritas Technologies is a global leader in data protection and availability. Over 80,000 customers—including 87 percent of the Fortune Global 500—rely on us to abstract IT complexity and simplify data management. The Veritas Enterprise Data Services Platform automates the protection and orchestrates the recovery of data everywhere it lives, ensures 24/7 availability of business-critical applications, and provides enterprises with the insights they need to comply with evolving data regulations. With a reputation for reliability at scale and a deployment model to fit any need, Veritas Enterprise Data Services Platform supports more than 800 different data sources, over 100 different operating systems, more than 1,400 storage targets, and more than 60 different cloud platforms.
