SOLUTION OVERVIEW

The Veritas Mission

Our mission is to enable organisations to harness the power of their information, wherever it resides, by delivering solutions that drive availability and reveal insights.

About Backup Exec 15

A recent survey¹ revealed that nearly two-thirds (62%) of companies use multiple solutions to protect their physical and virtual systems. Yet nine in ten (91%) are interested in a single solution and what it can offer.

Employing Backup Exec 15 as this single solution helps your customers simplify and streamline their data protection strategy.

- Backup Exec proactively protects the entire business ecosystem, whether it's built on virtual servers, physical servers, or hybrid cloud environments
- You can offer your customers a single solution that has the flexibility to rapidly recover an entire server, virtual machine, application or granular object in minutes
- Visit our [YouTube Channel](#) to watch a video overview, plus a deep dive series on Backup Exec's many capabilities

MARKET OPPORTUNITY

Market Opportunity

According to a study published by Gartner in May 2014, backup/recovery software revenue grew 6.8% in 2013, reaching \$4.7 billion².

In recent ESG research, more than 3/4 of respondents (77%) reported they were currently using server virtualization³. It is among the top 3 most cited priorities in ESG's annual spending survey - reaching the top spot in 2014 - and is tied closely to the 2nd two most-cited priorities; critically important information security initiatives, and improving data backup and recovery⁴.

More than two-thirds of respondents (69%) to ESG's survey indicated that they would prefer a single backup application to protect both virtual and physical servers⁴. Backup Exec 15 meets the market demand for reduced complexity in this area, along with exploding data and storage. To learn more about the opportunities in your market, view the Market Opportunity Guide.

Target Customers

Company size: Primary target 10 - 1,000 employees.

IT environment: Companies with one to hundreds of virtual hosts (or moving to a virtual environment), one to hundreds of physical servers, or a combination of both. There is no limit to the number of servers Backup Exec can protect.

Job titles: Server / Virtual Server Administrator, Backup Administrator, Network Administrator, Windows Administrator, System Administrator, Storage / Virtual Storage Administrator, Infrastructure Administrator, IT Administrator, IT Manager, IT Director, Application Administrator and Architects.

Key Focus Areas:

- Existing install base on older versions
- Physical environments transitioning to virtual and cloud
- Expiring platform (OS) customers e.g. Microsoft Windows Server 2003

SALES ENABLEMENT

Veritas Expert Community

The Veritas Expert Community is where current and future experts go to innovate, experiment and accelerate in partnership with Veritas.

MAXIMISE YOUR PROFIT

Margin Builder

Margin Builder provides an upfront discount to you for developing and closing incremental small and medium business sales opportunities.

It's fast (2 minutes on-screen approval), targeted (SMB deals, 5 - 250 users), and profitable (gives up to 10% discount).

To find out more, visit [Margin Builder](#) on PartnerNet.

Opportunity Registration Program

This program provides rebates to you for actively identifying, developing and closing incremental sales opportunities on qualifying products, such as Backup Exec 15.

The opportunity must also be one of the following:

- A new end-user customer account
- A sales opportunity for new products within an existing customer account
- A new project for an existing customer

To find out more, visit [Opportunity Registration Program](#) on PartnerNet.

HELP AND CONTACTS
